Hennessy Paradis Imperial

£199.95

The re-creation of a majestic blend, ordered by the Imperial court of Russia in 1818 to celebrate the 42nd birthday of Tsar Alexander I. The original blend was created by the 1st generation of MasterBlender from the Fillioux family, with the original transcript – confirming the order – stored in the archives of Hennessy. Thanks to their maturation in old casks, these eaux-de-vie have kept the slight tint of oak without being overly marked by the wood. Aromas of jasmine, orange blossom and other flowery notes emerge, spiced with smoky accents that balance the freshness of the flowery notes.
